Field Description	Field Abbreviation	Field Length	Field Type	Field Version
Priority SOC activity - contract	**XHSOCC01**	**1**	**Char**	**2.2.1**

VALID ENTRIES

W	Academic health related activity
X	Academic (excluding health related) activity
Y	Contract record with SOC activity code 1, 2B, 3A, 3B or 3C
Z	Contract record with SOC activity code 4A, 4B, 5, 6, 7, 8 or 9
0	Contract not active in reporting period
1	Contract record with SOC activity code not known

ADDITIONAL INFORMATION

The priority SOC activity code allocates all contract records to a priority SOC group. Each contract record is allocated a single value, so if a contract record has more than one activity code (i.e. ACT2 and/ or ACT3 have also been used) the contract will be assigned the value in XHSOCC01 relevant to the priority SOC code used in those fields. If analysis of all academic contracts is required the population for this will consist of all those where XHSOCC01 = W or X.

TECHNICAL SPECIFICATION

(Work from the top down)

If CONFTE=000.0 then XHSOCC01 = 0
else
if **any** of the activity codes ACT1, ACT2* or ACT3* = 2A **and** the cost centre relating to the activity code (e.g. ACT1 and CCENTRE1) = 01-08 or 29 and NHSCON = 1, 2 or 3 then XHSOCC01 = W

Otherwise if **any** of the activity codes ACT1, ACT2* or ACT3* = 2A and the contract is not already coded as W, then XHSOCC01 = X

Otherwise if **any** of the activity codes ACT1, ACT2* or ACT3* = 1, 2B, 3A, 3B or 3C then XHSOCC01 = Y

Otherwise if **any** of the activity codes ACT1, ACT2* or ACT3* = 4A, 4B, 5, 6, 7, 8 or 9 then XHSOCC01 = Z

Otherwise if the activity code ACT1 = XX, then XHSOCC01 = 1

(* Reference to ACT2 and ACT3 means when these fields have been completed with a valid entry other than the default XX.)
